

#PowerWithoutLimits

The worldwide Portable Charger market is expected to grow from 2.5 billion units in 2012 to 4.1 billion units in 2017 yet 85% of mobile phone users in the US reportedly do not carry a battery backup. With so many individuals carrying mobile devices including smartphones, MP3 players, tablets, GPS units, cameras, and eReaders, having a secondary portable charger is no longer a luxury, it's a necessity.

Powerocks are perfect for travelers, busy moms and dads, students, the outdoor enthusiast, the savvy techie, event goers from concerts, events, games, and tailgating, and those who need a back-up power source in case of an emergency. Powerocks put mobile power in the hands of those who need it most, to keep you connected even when you're far from an outlet.

Powerocks are powerful, fast, and reliable. They have a smart design with convenient features.

### **HIGH CAPACITY**

- Escalating capacity to charge devices multiple times and for some models, more than one device at a time.
- Available from 2800mAh up to 12,000mAh
- Charges iPhone, Android and smartphones as well as tablets, e-readers, cameras, GPS, MP3, gaming systems, and more.

### **FAST, RELIABLE, AND EASY CHARGE**

- Charges as fast as a standard wall charger, easy to use.
- LED lights indicating the amount of charge remaining.
- 1 year warranty vs. lesser brand's 90 day warranty
- Less than 1% defective rate

### **SMART AND SLEEK DESIGN**

- Portable and convenient to carry.
- Wide array of stylish colors and sleek designs.
- Aluminum housing for durability and safety.
- Engineered with smart chip technology to prevent damage to devices.
- Crafted under Apple MFi licenses and guidelines.
- Meets CE, ISO9001, ISO14001, and ROHS standards.
- Made with lithium ion battery technology.

*Powerocks, an innovative line of compact and powerful portable chargers for a variety of mobile devices, such as smartphones, MP3 players, tablets, GPS units, cameras and e-readers are the first portable chargers made with lithium ion battery cell technology. Safe and reliable, with a defective rate of less than 1% across all products, Powerocks are the must-have portable charging solution for anyone who is on-the-go and needs a quick recharge.*

Conveniently small, yet incredibly powerful, Magicsticks will charge your mobile devices safely, quickly, and reliably when life takes you away from an outlet.

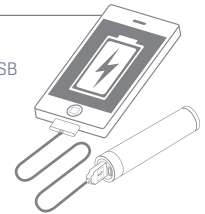

Grab your Magicstick when you leave the house. Its compact and lightweight size easily fits within a purse, briefcase, backpack, golf bag or pocket so you'll never miss a call, photo opportunity or compromise your safety. Powerocks is the best source for portable power on-the-go. Its 2800 mAh battery capacity can give multiple charges to multiple devices for extended battery life. Magicstick includes a Micro USB to USB connection cable for easy charging/recharging and a soft drawstring carrying bag. Available in several stylish colors!

<b>MSRP:</b>	\$29.99
<b>BATTERY CAPACITY:</b>	2800mAh
<b>BATTERY TYPE:</b>	Lithium ion
<b>INPUT:</b>	5.0 V / 0.55 A
<b>OUTPUT:</b>	5.0 V / 1 A
<b>PRODUCT WEIGHT:</b>	2.6 oz.
